SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 01/07/21 at 1100 hours:

- 87,992,439 (+776,990) total confirmed cases in 218 countries.
- 1,898,356 (+15,052) total deaths.

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 01/07/21 at 1000 hours:

- 21,259,997 (+299,901) total confirmed cases.
- 359,849 (+3,844) total deaths.

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 01/07/21 at 1100 hours:

- 2,518,611 (+36,385) total confirmed cases.

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details.

WEATHER KEY POINTS

01/08/21 - 01/14/21

Friday

- A weather system moving through northern California will continue to bring mountain snow and valley rain to northeast California through Friday afternoon. Expected impacts include:
 - Rain and higher elevation snow, with precipitation amounts of one-quarter to 1 inch on average, but locally up to 2 inches
 - Snow levels variable between 4,500 and 5,500 feet
 - Windy conditions expected across the northern mountains through the afternoon, with gusts to 55 mph possible
- Locally elevated fire weather conditions in the vicinity of the Transverse Ranges of southern California, with low humidity and gusty winds of 30-40 mph

Saturday-Sunday

- Elevated fire weather conditions expected to continue in the vicinity of the Transverse Ranges where winds will gust to 40 mph at times and low humidity will continue

Monday-Thursday

- Some light precipitation is possible over far northern California but quiet conditions and a warming trend will be found for most of the state
